

Learning Case: Owen-Terry

Pre Meeting

Your group will receive an email notification from us approximately one week prior to the meeting to review the introductory information. It's always helpful for the host to confirm midweek that everyone received this communication and has or plans to review the introductory information prior to the meeting.

Sign In Sheet

Please be sure to circulate the sign in sheet provided to you in the materials sent with the learning case models. After the meeting, this completed attendance form should be faxed to Eva Montero (Fax) 305-428-5566.

Meeting Start/Check-In

Discuss any questions or insights from the group since the last meeting when applicable

Suggested Agenda

1. Confirm everyone reviewed the introductory information online
2. Review the learning objectives together as a group
3. Show the Introduction Video
4. Review Owen Terry's pretreatment mounted models
5. Create a problem list for the case
6. Break into groups and discuss treatment options
 - a). Create an ideal detailed treatment plan
 - b). Write out a specific treatment plan sequence by appointments
7. Discuss interdisciplinary communication, treatment planning and treatment
8. View the Treatment Plan & Results Video
9. As a group:
 - a). Discuss how the treatment plan addressed the following:
 - Esthetics
 - Chipped and worn anterior teeth
 - Periodontal recession
 - History single tooth dentistry
 - Bruxism
 - Loss of anterior guidance
 - Abfractions
 - b). Discuss the importance of a diagnostic wax up
 - c). Discuss the challenges of preparing all the teeth in one visit and what are the alternatives

Learning Case: Owen-Terry

- d). Discussion how you can phase treatment for patients who have limited economic means
- e). Discuss your replacement policy when patients will not wear a post treatment splint to protect their dentistry
- f). Would orthodontic treatment been helpful?
 - How would this have changed your treatment plan?

Post Meeting: Remind participants to complete the online survey so they can receive their CE letters.
