

# TMD: FOUNDATIONAL PRINCIPLES & CURRENT UPDATE

July 29 - 31, 2021

## Focus:

TMD: Old versus New

Integrating foundational concepts with modern technology.

A major obstacle with the "Modern" way is the people designing the software never integrated what we believe to be foundational concepts into the program.

Each topic will be presented in the "Old" way and the "Modern" way with technology.

The goal is to improve the depth of understanding of the various TMDs and how to treat them. Course level is Novice to Expert.

*\*This Course Format will alternate every other year with the 5 day TMD program that is case-based.*

## Learning Objectives

At the completion of this course, participants will be able to:

- How to diagnosis various TMDs.
- Therapies for the most common TMDs.
- How to restore teeth on a patient who has damaged TMJs.

## Course Information

The Pankey Institute

**ADA C.E.R.P.**® | Continuing Education  
Recognition Program

The Pankey Institute is an ADA CERP Recognized Provider. ADA CERP is a service of the American Dental Association to assist dental professionals in identifying quality providers of continuing dental education. ADA CERP does not approve or endorse individual courses or instructors, nor does it imply acceptance of credit hours by boards of dentistry. The Pankey Institute designates this activity for 21 continuing education credits. **Concerns or complaints about a CE provider may be directed to the provider or to the Commission for Continuing Education Provider Recognition at [ADA.org/CERP](http://ADA.org/CERP).**
