

# THE ART OF EFFICIENT ESTHETICS

October 15 - 16, 2021

## Mastering Esthetics

If patients already choose composite resin, posteriorly, over 80% of the time Pre-Covid, how many direct composite resin restorations do you see yourself placing every day, moving forward? Well, if your practice is anything like most, this course is for you. In two days, you will master the art of efficient esthetics. You will learn top techniques and the nuances to increase your speed, your effectiveness and your profits without any sacrifice to the conservative beauty today's best composite resins have to offer.

## Learning Objectives

At the completion of this course, participants will be able to:

- Posterior composite tips and tricks to increase your efficiency by 30%
- How to select, seat and seal your sectional matrix for maximum contact and minimal finishing
- How to bulk fill for exceptional esthetic and zero post-operative sensitivity
- How to invisibly restore every class IV with a simple two layer technique, and a complex multi-layer technique
- How to quickly and effectively close an anterior diastema without breaking a sweat
- How to close your cases at 90%.
